Allure Fine Art Paper

Allure™ Rag is a 100% cotton rag, 285g/m² fine art paper with an utterly perfect semi-gloss, lightly textured finish. Able to produce rich, vibrant colors beyond the capabilities of matte fine art papers.

Elegance Fine Art Watercolor Paper

This 310g/m², bright white fine art paper is made from 100% cotton fiber and is acid and lignin free. This mould-made paper has a very slight texture.

Optica Fine Art Paper

Optica One™ is a 100% cotton, 300g/m² bright white, matte fine art paper with a luxuriously smooth surface ideal for high resolution photographic and artistic imagery. It is able to produce extremely crisp and accurate detail.

Crane Textured Fine Art Watercolor Paper

This 425g/m², natural white cold press paper is made from 100% cotton rag. Acid free, this paper has the look and feel of an old world hand made paper. Must be purchased by the sheet.

Sommerset Velvet Fine Art Watercolor Paper

This 505g/m², bright white, fine art paper is made from acid free, 100% cotton rag. Velvet smooth surface. Must be purchased by the sheet.

Chromata White Canvas

This 20.5 mil bright white cotton-poly blend canvas is acid-free and pH neutral. Featuring optical brightener additive-free (OBA-free) and fluorescent whitening agent-free breakthrough technology. Highest density and sharpest detail is achieved on this media. Excellent for photography and fine detailed paintings.

Torino Canvas

This 21 mil highly textured cotton-poly blend canvas has a great authentic art canvas feel. 100% acid-free and pH neutral.

Giclée Varnish - Glamour II by Breathing Color and ClearStar Type C

These coatings are a perfect finish for our giclées. Water-based and easy to use, they can be used on paper or canvas. The varnishes add a gloss finish and provide added scratch, abrasion and UV resistance. These coatings stay flexible even when stretched. These coatings can be applied before or after embellishing your giclée. Compatible with most acrylic and oil paints.

Stretching Services

Our stretcher bars are made of premium fir wood, a drier wood than pine that is less likely to warp. Nicely beveled for minimum contact with the canvas. All giclées are stapled on the back. Standard Bars get a cross bar added when one dimension exceeds 30". Heavy duty bars get a cross bar when one dimension exceeds 36".

Standard - .75" depth

Heavy Duty Studio Bars - 1.5" depth
