Descriptions of Fine Art Media, Coatings & Finishing Services

Revised February 1, 2010 - Pricing subject to change.

ALLURE SATIN RAG

Allure Satin Rag is a 100% cotton rag fine art paper with an utterly perfect semi-gloss, barely textured finish. Allure Satin Rag primarily differentiates itself by allowing Gallery Street to produce reproductions on a heavyweight fine art paper with a pre-applied semi-gloss finish. Uniquely, it is designed to produce extraordinary results with deep rich blacks.

ELEGANCE WATERCOLOR

Gallery Street is proud to offer Elegance Fine Art Watercolor Paper, a vellum surface (slightly textured) Fine Art Paper ideally suited for luxurious fine art and photographic quality reproductions. It is a 310g, Bright White, water-resistant Fine Art Paper is made from 100% cotton fiber and is acid and lignin free. This proprietary mould made fine art paper is stronger and more dimensionally stable than other velvet fine art papers currently available today. This is our most popular choice for watercolors, charcoals, pastel and oil pastels. Can also be used for reproducing oils, acrylics and any medium looking for a rich elegant look.

OPTICA SMOOTH FINE ART

Optica is Gallery Street's choice to cater to the demanding and discerning photographer who values superiority in print quality performance. It is a 300gsm bright white, matte fine art paper with a luxuriously smooth surface ideal for high resolution photographic imagery. It is able to produce extremely crisp and accurate detail, it excels in tonal range value, line quality, line contrast and raggedness. Let your image speak for itself. Print your masterpiece on Gallery Street's Optica Smooth White Fine Art Paper.

ULTRASMOOTH WARM FINE ART

We're proud to offer an acid free, 100% cotton hot press paper. This cylinder mould-made product features an ultra smooth finish that is not only acid, lignin, and chlorine free, it is also pH neutral for a true archival media. With a warm tone, this is a great choice for your artwork or photograph.

SOMERSET VELVET FINE ART

Somerset Velvet has always been the first paper choice among serious artists and printmakers. Ever since the 1700s and the days of handmade paper, Somerset has enjoyed a reputation for quality that has continued to grow through the years. Now Gallery Street brings you this old world paper to create giclée prints that are unlike any others. This media is available in 255 g/m² weight in rolls or an extremely heavy 505 g/m² sheets.

CHROMATA CANVAS

This 20.5 mil bright white cotton-poly blend canvas is acid-free and pH neutral. Featuring optical brightener additive-free (OBA-free) and fluorescent whitening agent-free breakthrough technology. Highest density and sharpest detail is achieved on this media. Excellent for photography and fine detailed paintings.

VARNISH FOR CANVAS

This coating is a perfect finish for our canvas giclées. Water-based & eco-friendly, this varnishes add a gloss finish which enhances color, deepens blacks and provides abrasion and UV resistance. This coating stays flexible even when stretched. This coating can be applied before or after embellishing your giclée print. Compatible with most acrylic and oil paints. We proudly use Breathing Color's Glamour II on their own Chromata canvas for a perfect match!

CANVAS STRETCHING

Our stretcher bars are made of premium fir wood, a drier wood than pine that is less likely to warp. Nicely beveled for minimum contact with the canvas. All of our stretched pieces are stapled on the back which eliminate visible side staples offering an elegant gallery finish. We pride ourselves on precision when it comes to finishing canvas prints.

STANDARD BARS - .75" deep (commonly used when framing)

HEAVY BARS - 1.5" deep (a frame is not necessary with these bars)

Choose how you'd like the edges of your piece finished. You can choose white edges, black (printed) edges, or image wrapped. All three options are available for both stretcher bar depths.
